

## Eric Foster For Subregion C Representative

Greetings Subregion C!

It is my pleasure to join you all this year in Virginia Beach for the 2011 Circle K International Convention. I am presented before you as a candidate for 2011-2012 Subregion C Representative. I have proudly served the Kiwanis family for 7 years, and in my three years of Circle K involvement, I have served as both a club president and lieutenant governor, giving me deep and personal insight into both the struggles and the achievements that are encountered at the club and district levels.

These experiences have helped me gain better knowledge of the inner workings of Circle K, and it is for this reason that I run for Subregion C Representative: to ensure that all CKI members have a voice and equal say in the running of our amazing organization!

As Subregion C Representative, I will work with the districts within the subregion to ensure that their ideas and views are fully represented at the International level. I look forward to getting to know all of you better at International Convention, and I thank you for taking the time to read my campaign literature.

Yours in Service, Leadership, and Fellowship,

Eric Foster  
Illinois-Eastern Iowa District  
Circle K International

### Past Kiwanis Family Positions

2006-2007 Key Club President

2007-2008 Key Club Lieutenant Governor

2009-2010 Circle K Club President

## Going back to the basics with CKI!

- Bring the emphasis of our amazing organization back to the membership. Without club members, this organization would be nothing. I want to ensure that all club members feel that their voices and their ideas are being heard at International.
- Work with the International Board to create a feedback system that allows anonymous feedback on how the International Board and Subregion Representatives are serving the districts.
- Create a system that will allow clubs in different districts within the subregion to be able to network and be aware of service, leadership, and fellowship events being sponsored by other clubs and districts.
- Develop monthly chats to allow CKI members to share project ideas and discuss current events at International that affect all members of Circle K International.
- Use my experience working on International committees to ensure that committees function efficiently and have the same level of accountability that members of the International Board are held to.
- Work with the International Board to make certain that we stay true to our mission of providing just representation of our membership.
- Educate members of the subregion on the ELIMINATE project and provide resources containing fundraising ideas.
