

## 2020-21 Awards Manual

Created by the 2020-21 Governing Documents & Awards Committee

## **NEW CHANGES FOR 2021**

#### Formstack

This year, Circle K International (CKI) will be using Formstack to submit International Awards. Formstack is a data management system that allows users to collect information through online forms and applications, which makes it easy for applicants to review their application and submit their work.

## COVID-19 Rework

This year, awards were updated to accommodate the unprecedented circumstances of the COVID-19 global pandemic. In award(s) there is ample space to explain why certain requirements weren't met due to COVID, as well as virtual service and a larger emphasis on membership retention.

## **Point Rework**

This year the committee has decided to scale down the scoring to make award judging easier on our judges. All awards are now out of 100 points except for the Outstanding Club Achievement Award, which is out of 150 points.

## TYPES OF AWARDS

The Circle K International Awards Program has three different types of awards which applicants may apply for: Distinguished, Club, and Individual Awards.
